santi.cacciola.s@gmail.com | 07754270350 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | London,UK

SKILLS

Languages: JavaScript / TypeScript, Java
Technologies: HTML, CSS, React.js,Redux, TailwindCSS, Jest, React Testing Library, Git, NPM, Webpack, Framer-Motion, Firebase

PROJECTS

Ticketmaster Shopping Website
- Created a Ticketmaster.com clone with React that enables users to search and view over 230K+ music and sport events through the Ticketmaster API and LastFM API.
- Uses Redux for effective state management and employed TDD and CI/CD for development.
- Built a simulation of a complete e-commerce website, allowing users to browse and purchase products with a seamless experience.

Task Manager
- Adopted Test Driven Development (TDD) methodology and implemented it in a CRUD web application, it stores a list of users created tasks.
- Utilised the useReducer hook for state management and stores data on Cloud Firestore.
- Employed React Testing Library and Cypress for testing, ensuring thorough coverage through Continuous Integration during the build process on GitHub

TCG-Stock
- Developed under commission, TCGStock is a web application for trading card collectors with user authentication and custom user data.
- Enabled users to view current and historical prices for over 1000 elements in the user profile.
- Makes use of TypeScript, Zustand for state management, and emphasised user experience with mobile-responsive design via Framer-Motion Library and TailwindCSS.

Weather App
- Display on screen the current weather data for any location including over 200,000 cities using OpenWeatherMap API
- Show current weather conditions via geolocation, including temperature, humidity, wind speed, and precipitation percentage
- Switch between 7-day and 7-hours display forecast for the selected location with a swipe motion

WORK EXPERIENCE

Freelance Front-End Developer   **08/2022 – Present**
As a self-taught Front-End Developer with social sector and research experience, I leverage my soft-skills to bring a data-driven approach to web development. Actively maintaining the commissioned mvp tcgstock.me project

Look Ahead London (UK) | Specialist Support Worker   **10/2014 – 02/2022**
Managed a caseload of over 100+ patients with mental health issues, actively working closely with the interdisciplinary care team to provide support and personalised risk assessments for independent living.

Freie Universität Berlin (DE) | Research Assistant   **10/2013 – 02/2014**
Contributed to a research project in the Neuropsychology department, analysing data from 50 cases. The results were published on Frontiers Neuroscience.

EDUCATION

University of Turin | Turin (IT)   **2013**
Master Degree in Cognitive Neuropsychology   First class honours (1st) - Score: 110/110
